CRIMINAL CASES IN CIRCUIT COURT AGAIN

May Term Goes Into Third Week With Big Docket Of Cases Ahead

Circuit court went back to trial of criminal cases when it reconvened Monday morning for the third week of the May term. A large number of cases on the docket were liquor law violation cases. Several acquittals were returned by juries where evidence did not convince them that the defendants were guilty.

Willie Brooks, colored, of Brassfield, at whose home the sheriff said he found three barrels containing meal mash, a kettle, and some self sealer jars, was freed on a charge of possessing them for purposes of illegal liquor manufacture.

Mrs. Lula Johnson was also acquitted on a charge of selling a drink of whisky to Will Young. Reuben Fife and Harry Campbell, both colored, were given two years in the penitentiary on housebreaking charges.

Brutus White was dismissed on the gaming charge, it having been shown he had been convicted on this charge in police court.

Mason Richardson, white, pleaded guilty to stealing \$67.50 from the house of a colored woman and was given two years. On charge of stealing chickens from John E. Baldwin and J. D. Cornelison, to which they pleaded guilty, Bud Edson and Tom Collins, white youths, were given a year in the penitentiary on each charge.

John McKeever, colored, was given fine of \$75, 20 days in jail and disfranchised on a concealed weapon charge.

Lawrence Hoskins, white, on a moonshine charge, was given fine of \$250 and six months in jail at hard labor.

HIGH HONOR PAID MISS BELLE BENNETT

A special dispatch to the Courier-Journal from Hot Springs, had this of interest here:

Hot Springs, Ark.—The Rev. Dr. H. H. Bennett, of Richmond, Ky., one of the delegates to the General Conference of the Methodist Church, South, but who is detained at home on account of illness, was remembered by the delegates at this morning's session, when it was unanimously ordered that the secretary of the conference send to Dr. Bennett a telegram of sympathy and affectionate regard.

"Dr. Bennett is the head of the Woman's Missionary Council of the church and under her leadership the work throughout the bounds of the church has come forward by leaps and bounds.

Mrs. J. H. Stillman, of Harrodsburg, Ky., alternate lay delegate, was placed as a member of the General Conference to take the place of Dr. Bennett. The Rev. Dr. H. C. Morrison, of Wilmore, Ky., one of the general evangelists of the church and a delegate to the conference, is receiving invitations to conduct revival services in various sections of the south."

TO BUY UNIFORMS FOR BAND AT ONCE

The Chamber of Commerce drive to raise a small sum to defray the cost of uniforms for the American Legion Band of Richmond will be put on this week. Only about \$300 is needed and it is believed that generous citizens will quickly give this sum. There isn't a doubt in the world but that Richmond has one of the very finest amateur musical organizations in the state and everybody wants to see the boys outfitted well. Voluntary subscriptions may be turned in to Cashier R. M. Rowland at the Southern National Bank.

The Jackson Lumber and Supply Company was destroyed in Breathitt county with \$250,000 loss.

ALL DAY FIELD MEET AT BERA MAY 24

Soil Improvement Demonstration To Be Held For Farmers By Agronomist Roberts

Farmers of Madison and adjoining counties are promised some striking result in soil improvement when they visit the soil experiment field near Berea May 24, to attend the annual all-day field meeting to be held there at that time by the Kentucky Agricultural Experiment Station according to George Roberts, head of the station agronomy department.

The field is in better condition than it has been for a number of years past while limestone, acid phosphate, rock phosphate, manure and combinations of these have produced striking results in increasing crop yields when used on the rotation of corn, soybeans, wheat and clover grown on the field.

The meeting to be held on the Berea field will be one of the annual series of six held on the soil experiment fields over the state to point out important factors in soil improvement as brought out by the experiments which have been conducted for a number of years.

Speakers at the meeting will be Director Thomas P. Cooper, of the station, Mr. Roberts, and S. C. Jones superintendent of the fields.

Corn increases produced in nine years by use of the various fertilizers on the rotation have been 8.4 bushels an acre for limestone; 13.8 bushels for manure 6.9 bushels for limestone and acid phosphate and 15 bushels for limestone and rock phosphate, Mr. Roberts pointed out.

Soybean hay increases in eight years have totalled 620 pounds for limestone 1,053 for manure; 700 pounds for acid phosphate 556 pounds for rock phosphate, 1,490 pounds for limestone and acid phosphate and 1,463 for limestone and rock phosphate.

Clover hay increases over a period of four years have totalled 382 pounds for limestone, 235 for manure, 303 for acid phosphate, 261 for rock phosphate, 1,909 for limestone and acid phosphate and 1,990 for limestone and rock phosphate.

BANDITS GET \$30,000 RAILROAD PAYROLL

(By Associated Press)
Springfield, Mo., May 15—Four bandits intercepted an automobile carrying the payroll of the Frisco Railroad here today and escaped with \$30,000. A police detective and the driver of the car in which the bank messenger was riding, were wounded.

HALF MILLION TO PROBE WAR CONTRACTS

(By Associated Press)
Washington, May 15—Without a roll call the House today voted a special fund of half a million dollars for the use of the Department of Justice in investigating and prosecuting war fraud contract cases.

Tie Too Elastic

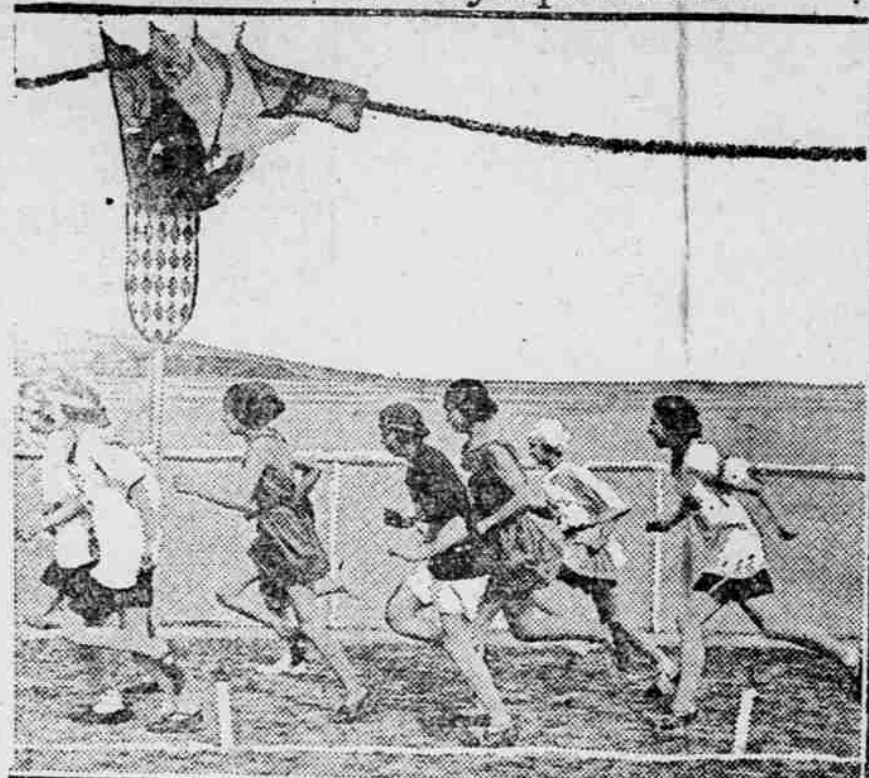

(By Associated Press)
Louisville, Ky., May 15—Arrested on a charge of child desertion, Albert C. Tumey, 28, fastened one end of his tie to his bunk in the county jail and rolled off the bed. He was found on the floor of his cell by attendants. He was unconscious, but elasticity of the tie prevented strangulation. He was revived at the city hospital.

Azbills' Sentence Reduced

His many friends are glad to know that Judge Cochran has reduced the sentence of Allen Azbill, of this city, from a year in the penitentiary at Atlanta to 60 days in jail here. Mr. Azbill was convicted in federal court of having moonshine whisky in his car. He had been previously acquitted in circuit court on the same charge.

Women from England, France, Italy, Belgium and Czechoslovakia, competing in the 800-meter race in the Olympic games at Monte Carlo. The track overlooks the sea.

FIVE CITIES WANT NEW EAST NORMAL

(By Associated Press)
Frankfort, Ky., May 15—The commission appointed to choose the sites for the two new Normal Schools met here today to elect a chairman and secretary and look over applications of five eastern Kentucky cities for the Eastern State School and 20 seeking the school in western Kentucky. Among the latter are Henderson, Paducah, Benton, Owensboro, Princeton and Mayfield.

CHILD LABOR LAW IS KNOCKED OUT

(By Associated Press)
Washington, May 15—The Supreme Court today held the Child Labor Law unconstitutional and not valid.

LIQUOR LAWS TIGHTEN MORE

(By Associated Press)
Washington, May 15—The Supreme Court today held that liquor, while within the boundaries of the United States enroute from one foreign port to another, can be seized under the national prohibition act.

ORAL BETTING IS O. K. IN LOUISIANA

(By Associated Press)
New Orleans, May 15—The State Supreme Court today gave legal sanction to the "oral system" of laying bets at the local race track. It upheld the Business Mens' Racing Association that the method is not a violation of the Locke anti-gambling law.

Polo Hog Feed at Powers and Benton.

Rev. William H. Hopper, of Louisville, was re-elected president of the State Christian Endeavorers in the convention at Lexington.

Here Come the Horse Marines!

Who sprung that joke about horse marines? Look at this bathing girl coming horseshore on the beach at Atlantic City—it's a fact there now.

BARKER TO SPEAK HERE SATURDAY

When Second Distribution of Money Is Made From Sale of Pooled Tobacco

A big celebration, with speeches and burgoos and a good time generally will mark the payment next Saturday to members of the Burley Tobacco Growers' Co-operative Association of a second distribution of money to those who delivered their crops to the association the past season.

Among those who will address the growers will be Judge Robt. W. Bingham, Congressman Campbell Cantrill, Director of Warehouses Ralph M. Barker, President James C. Stone, Chief of the Field Service Division Joseph Passonneau, Assistant General Counsel Virgil Chapman, Clifton Rodes, manager of the West Virginia campaign, Director W. H. Shanks, Director J. D. Craddock, and probably half a dozen others.

Definite assignments of speakers had been made Saturday in only a few of the counties. Mr. Passonneau will speak at Glasgow, in Barren county, which is partly in the dark district, which Mr. Passonneau is now organizing. Mr. Rodes will be the speaker at Danville, Mr. Barker at Richmond, Mr. Shanks at Shelbyville and Mr. Craddock at Munfordville. Judge Bingham will speak at Elizabethtown on the 22nd, being in the dark district on the 20th.

Growers from some counties have been sending their participation receipts to the main office in advance of the distribution. Secretary Early, said Saturday that this was unnecessary and that growers should retain their participation receipts.

It is expected that meetings will be held in all of the 69 burley counties in Kentucky, Ohio, and Indiana, and speakers in as many as can be provided for will be assigned by the Field Service Division.

One hundred and ninety-six contracts signing up 500,000 pounds of the 1922 crop of tobacco to the Burley Tobacco Growers' Co-operative Association were received at the office of the Field Service Division the past week increasing the total to 1,431 since the first of March, representing a total of 3,900,000 pounds.

The totals given out Saturday do not include any of the contracts signed by Clifton Rodes, of Mercer county, in the West Virginia and Ohio territory, in which a vigorous campaign has been made by Mr. Rodes in spite of adverse propaganda circulated by warehouse interests.

The appearance of the Burley Tobacco Growers, the association's official newspaper or magazine, the past week, marked the beginning of another activity of the burley association, which is the publisher. The first issue contained twelve pages, slightly larger than the standard magazine, and carries a considerable volume of advertising, mostly from the tobacco trade and fertilizer concerns. The paper has a lively editorial column of considerable interest to burley association members and news of the association's activities. It is expected that later it will be made into a general farm magazine, carrying matter that would be of interest to farmers generally, whether tobacco growers or not, in the six burley tobacco producing states of Kentucky, Indiana, Ohio, West Virginia, Tennessee and Missouri.

Expert yeggmen tied up two watchmen, blew two big safes and got \$40,000 from the big Pogue store in Cincinnati Sunday night.

Louisville, May 15—Cattle 1-600; uneven; \$2 to \$8.25; hogs 2,000; 15c higher; \$3 to \$10.75; sheep 1,600 active; \$5 to \$5.50; lambs \$16.

The Weather

Generally fair tonight and Tuesday; little change in temperature.

EXPRESS MESSENGER PROVES AN HERO

(By Associated Press)

Tucson, Ariz., May 15—Express Messenger H. Stewart, early today shot and killed one bandit and apparently wounded a second. Single handed he routed six others who made a spectacular attempt to rob the Rock Island railroad's Golden State Limited bound from Chicago to Los Angeles.

The hold up was staged eight miles west of here. A red fuse was used to stop the train. The bandits compelled the engineer to haul the mail and express car a short distance away. Conductor Madigan looked out of the vestibule and one bandit opened fire. Stewart then got his gun into action. A large posse is hot on the trail of the fleeing bandits who are believed to be headed for Mexico. The dead man was identified as Tom Dugat, a goat ranch proprietor, near here.

CONGRESSMAN GOES AFTER HAYNES' SCALP

(By Associated Press)

Washington, May 15—Congressman Hill, republican, of Maryland, today asked Secretary Mellon to remove from office Prohibition Commissioner Haynes, or whoever else in his office is responsible for the recent press bulletin which Hill declared constituted "official approval of the application of the lynch law in suppression of liquor violations."

Says Women Drink Whisky
New York, May 15—"Wine for women" is the rallying cry started today by feminine liberals of New York.

Under the direction of Miss Elizabeth Marbury who challenged Lady Nancy Astor to a prohibition debate, women opposed to the eighteenth amendment began plans for a huge anti-prohibition campaign. "The women of the country were the first to demand prohibition," said Miss Marbury. "They will be the first to demand its repeal—and for the same reason. They stand for temperance. The mothers of the country will knock out the eighteenth amendment. It has taken the saloon from the corner and smeared n every dance hall and restaurant. The glasses of beer or light wine that young women occasionally took have been replaced by whisky. That is what we oppose."

Mistook Wife For Burglar

(By Associated Press)

Louisville, Ky., May 15—J. H. Ingram, 48, mistook his wife for a burglar at their home early today and shot her. The bullet entered her left cheek and lodged near her ear. She will recover.

BOGGS HAS 303 MILES NEW ROAD WORK ON

How State Road Department Is Building Good Highways All Over Commonwealth

(By Associated Press)

Frankfort, Ky., May 15—There is a total of 303.02 miles of highway under construction at present under contracts let by the State Highway Commission of which 238.14 miles are being built with the aid of the United States government, according to the monthly report made by the department of the commission. Three jobs were reported as having been completed on May 1, but are still being carried on the report because the commission had not finally approved their acceptance.

The complete jobs are one-fourth mile on the Midland Trail in Rowan county; 17.7 miles on the Cadiz-Benton road in Trigg county, and 7.91 miles on the Dixie Bee Line highway in Hopkins county.

Besides the construction work done during the month, which was a bad one from the standpoint of outside work, most of the days being rainy, the department engineers surveyed 3,217 miles of highway during the month. All of the drawings of these highways were not completed although the pencilled sketches and data were completed.

The various highways under construction, the percentage of (Continued on page 2)

MORVICH WINS RICH KENTUCKY DERBY

Louisville, Ky., May 15—Morvich, unconquered as a two-year-old, won the \$50,000 Kentucky Derby Saturday. The brown son of Runymede—Hyacinth, running true to form won the event at a mile and a quarter from a field of ten starters before a record-breaking crowd of 70,000 spectators, the largest crowd that ever witnessed the running of the blue ribbon event for three-year-olds. Morvich, running his first race as a three-year-old, triumphed over the best field that the nation had to send against him, and won for his owner, Benjamin Block, the New York sportsman, \$46,275 and \$7,000 worth of gold plate. Behind Morvich was Bet Mosie, E. R. Bradley's entry, leading the victor by two lengths. John Finn was third, a neck behind Bet Mosie. Deadlock was fourth. Morvich paid the good odds of \$4.40 to win in the million, \$4.50 to place and \$3.50 to show for a two dollar ticket. The mutual prices on Bet Mosie were \$2.90 and \$2.70, and \$6.00 on John Finn. Speeding into the lead soon after the start, Morvich made every post a winning post and apparently never was in danger.

BLUE LICK WINS TWO GAMES FROM WACO

Blue Lick defeated Waco Saturday at Johnson's Park near Berea, in a slow, long drawn out game. The Blue Lick team, on account of so much slugging, ran until their legs wobbled. This was the first of a five game series with the Waco team and there was no brilliant playing to speak of by either team. The Blue Lick boys seem to have to get behind before they begin playing good ball. The game was called in the seventh in order to allow the visitors to get home before dark. The score: Waco Cubs 8; Blue Lick Hustlers 23. Umpire Jackson.

Waco lost the second game of the series Sunday in a thirteen inning battle. Waco had the game all her way until the seventh, the score being 12 to 3. Blue Lick got busy with the old willow and put nine runs across the rubber tying the score. No more runs were made until the 13th inning when the Hustlers put over six runs and held Waco scoreless in their inning. Final score: Blue Lick Hustlers 18; Waco Cubs 12. Umpires Hollansworth and Berry. Time of game two hours.
